Welcome to the doctoral candidates and doctorate holders survey „Nacaps“!

For a German version of the survey please click the flag in the header!

Depending on your personal life situation, the survey will take about30 to 35 minutes. You can also complete the survey on your smartphone, but answering on a larger screen is easier and faster. You can interrupt the survey at any time and continue at a later moment. Once you have answered all the questions, you will then have the opportunity to participate in the announced raffle.

We already thank you for partcipating in the survey at this point!

Dr. Kolja Briedis and Dr. Antje Wegner

Projectmanagement Nacaps

Notes on data protection

Your participation is voluntary, of course. Your information will be used for research and evaluation purposes. All Nacaps data will be published and made available to other scientists anonymously only. Your contact details will always be processed and stored separately from the survey data. Under no circumstances will your contact information be shared with third parties.

□ Yes, I have read the data privacy statement (see linked PDF document) and I agree with it.

The university you were registered at as a doctoral candidate in December 2018 is also interested in learning more about the PhD conditions of their doctoral candidates. In order to avoid double surveys, we would like – with your consent – to pass on the answers you have given in the questionnaire to this university for the purpose of quality assurance and evaluation in the field of doctoral education.

□ Yes, I agree with the transfer of my survey data to this university.

□ No, I do not agree with the transfer of my survey data to this university.

A Information about the PhD/doctorate

A01

[everyone (aict01 = TRUE)]

The survey is structured into five topics represented by the letters A to E.
At the beginning of December 2020 you were officially registered as a doctoral candidate at your university. Something could have changed in the meantime.

Please indicate your current status.

Your PhD/doctorate is regarded as completed if you have successfully passed the final examination (usually: disputation).

☐	I am doing a Phd/doctorate.
☐	I have submitted my thesis, respectively all relevant papers, for examination.
☐	I have completed the PhD/doctorate.
☐	I have interrupted my PhD/doctoral project.
☐	I have quit my PhD/doctoral project.

[warning notice] This question is important for the further procedure of the survey. If you do not give a specification, you will receive questions which not apply to your current situation. Therefore, please answer this question to be able to proceed further.
